SALT LAKE AND STATE NEWS
HEALTH BOARD HAS NEW RULE

Salt Lake, Aug. 23.—It is now unlawful for any person, firm or corporation to expose for sale in the city, from any public highway or unenclosed market place, any food products, unless they are effectively wrapped or covered in a cleanly manner. This is provided in a rule recently laid down by the city health department.

The laying down of this rule, which the health board is given power to do under section 267 of the city ordinances, passed April 23, 1908, and approved the following day, followed the unsuccessful attempt by the city health and food authorities to close the old Continental market at West Temple and First South streets on account of uncleanness. The courts were resorted to, and granted N. E. Hilleman, the proprietor, an injunction keeping the authorities from closing the place, although the conditions virtually were undisputed.

Part of the complaint of the authorities, as directed toward the selling of food products from open and unenclosed markets, and therefore unprotected, and the recent health board rule is directed at the same thing. The rule, which is modeled after rules on the subject in force in Washington, D. C., is as follows:

"No person shall expose for sale on any public highway or in any unenclosed market, store, shop, stand or stall, or on any open lot, or transport over any public highway for sale, either by himself or any other person in Salt Lake City, any food products unless the same shall be effectively and in a cleanly manner wrapped, or covered and enclosed, so as to protect it from dust and insects, provided that all food products exposed for sale as indicated shall be kept at least eighteen inches above the sidewalk or ground and not to exceed three feet from the property line."

PLUNGES FROM PIER, SERIOUSLY INJURED

Salt Lake, Aug. 23.—As the result of a dive from a pier at Salt Lake into the briny waters of the Great Salt Lake Sunday afternoon, Charles J. Stenbom, clerk in the office of the superintendent of the Denver & Rio Grande railroad, lies at St. Mark's hospital with his lower extremities completely paralyzed.

The accident occurred about 6 o'clock. Mr. and Mrs. Stenbom and several friends were in bathing near the northeast tier of bath-houses, which was built following the demolishing of part of the main tier during a severe storm some time ago. Mr. Stenbom, who is an expert swimmer and diver, climbed onto the pier, about ten feet from the water, and dived into the lake. When he arose to the surface it was plain to be seen that something was radically the matter with him. He was unable to move and called out that he was hurt. His wife and friends in the party rushed to his assistance and he was taken to his bathroom, where it was found that he had lost the use of his lower extremities.

While the water into which Stenbom dived was less than four feet in depth, it is said that a sign is conspicuously displayed at that point which says, "Depth of Water Six Feet." Stenbom evidently was of the opinion that he had plenty of depth for a high dive, and he plunged into the water, striking the bottom with such force as to cause either a concussion of the spine or a fracture of the spine, producing paralysis of the lower extremities.

One of the men in the party telephoned to St. Mark's hospital and asked that an ambulance meet the incoming train on which Stenbom had been placed.

About 9 o'clock the railroad company's surgeons, Doctors Bascom and Pennington, made an examination of the injured man at the hospital, with the purpose of determining if possible, the extent of his injuries. They were unable to outline a fracture and will probably not be able to tell definitely whether or not there is a fracture of the spine until an X-ray examination is made.

The surgeons stated that the partial paralysis may be the result of a concussion of the spine, in which event Stenbom may be able to recover the use of his lower extremities in a short time. If there is a fracture of the spine, it is located just between the shoulders, as from that point down Stenbom has lost all feeling and all control.

The Stenboms live at 569 South Fourth East street and have a large circle of friends in the city. Mrs. Stenbom is prostrated over the accident. Stenbom has been employed for several years past by the Denver & Rio Grande and is an efficient office man.

the Socialist party have been holding open air meetings, and one of them recently classified soldiers of the regular army as "hired assassins." This angered some of the men from Fort Douglas, and last night during a meeting some tomatoes and other decayed fruit were thrown at the speakers. A row followed and Walker with a companion was arrested. His comrade was released, but Walker will be tried in police court. The Socialists have been particularly bitter toward the police.

IMPORTANT CHANGES MADE AT ST. MARY'S

Salt Lake, Aug. 23.—Sister Frances Clare, sister superior of St. Mary's academy, will leave this week for South Bend, Ind., where she will become president of the St. Joseph's college, one of the chief educational institutions at the mother home of the Sisters of the Holy Cross. Sister Frances Clare has been at the head of St. Mary's for six years. During her stay in Salt Lake she has become beloved by all who knew her, and that total is exceedingly large. She has proved herself a highly capable director of instruction, and by her sweet personality won for herself the affections of pupils and parents alike.

While the departure of Sister Frances Clare will be keenly regretted in Salt Lake, the transfer is regarded here as the conferring upon Sister Clare of a distinguished honor.

Sister Frances Clare will be succeeded as sister superior at St. Mary's academy by Sister Mary Alexis. Sister Mary Alexis was stationed in Salt Lake for a period of fifteen years. She left here about twelve years ago. She will be remembered by many who attended St. Mary's in their school days.

Another departure that will be keenly regretted is the transfer of Sister Alacoe to Fresno, Cal. Sister Alacoe has been instructor in vocal music at St. Mary's for many of the best musicians in the city were her pupils.

ALLEGED BIGAMIST MUST FACE CHARGE

Othello M. Evans of Kansas City, who was arrested in Salt Lake City last Friday, by Detective Earl Ripley, charged with being a bigamist in that he is alleged to have married Miss Grace Gorman of Grand Island, Neb., while he had a wife and three children in Kansas City, will be taken back to Central City, Neb., at which place the offense is alleged to have been committed, Tuesday morning.

Sheriff Milton Her of Merriek county, in which county Central City is located, arrived in Salt Lake Sunday night, and after a consultation with the police authorities made arrangements to leave for Central City with his prisoner Tuesday morning.

While Evans was arrested partly on notice sent from Sheriff J. M. Dunkell of Hall county, in which Grand Island, the girl's home, is located, Sheriff Her had to take action in taking the man back in that the offense is alleged to have been committed in his county.

GILLETTE TO CALL A SPECIAL SESSION.

Sacramento, Cal., Aug. 23.—Unless there is a decided change in Governor Gillette's feelings in the next two or four hours, he will issue a call for an extra session of the state legislature some time today. This session will be called for the purpose of adopting resolutions to be submitted to the voters of the state at the November election, by which the state constitution be amended so that a special tax of four cents on each \$100 can be imposed for a period of five years for exposition purposes alone. This is in furtherance of the plan of bringing the Panama-Pacific International exposition to San Francisco and will net about \$5,000,000 to the fund.

Another resolution will provide for the changing of the charter of San Francisco, so that the municipality can increase its bonded indebtedness and raise \$5,000,000 for the fund.

BIDS WANTED.

The City Board of Education is receiving bids for transferring children back and forth from Broom's Bench and Glasgow Addition to the Mount Fort School.

One bid with the bidder furnishing the wagon, another bid with the Board of Education furnishing the wagon. Bidders may submit bids on either plan.

The bids will be opened August 26th, 1910.

DECISION MADE BY JUDGE AFFECTS ESTATES.

San Francisco, Cal., August 23.—That a divorced woman is the widow of her former husband although he may have married subsequent to the divorce was a decision yesterday by Judge Graham. This is the first time such a decision has been made in this state and it affects many estates held in trust.

The decision was the result of a suit for the restoration of records in an estate involving \$500,000 by Chas. E. James on behalf of Mrs. Eugenia James.

ONLY SPECIMEN OF GROSBEAK IN COUNTRY

New York, Aug. 23.—A very little bird with a very large bill, by name the grosbeak, is the latest addition to the Central Park aviary. It is the only specimen of its kind in this country, it having been brought to New York this week from China. In

China the grosbeak, which is colloquially known as the "trust bird," is used by mountebanks to fly after and coins thrown into the air, and it performs other difficult tricks.

TESTED AND PROVEN

There is a Heap of Solace in Being Able to Depend Upon a Well-Earned Reputation.

For months Ogden readers have seen the constant expression of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. Not another remedy ever produced such convincing proof of merit.

H. W. Eldredge, 998 23rd St., Ogden, Utah, says: "For a long time I suffered severely from pains in the small of my back and the unnatural condition of the kidney secretions plainly indicated that my kidneys were disordered. The trouble was worse when I overtaxed my strength or brought too much strain on the muscles of my back. A short time ago I read about Doan's Kidney Pills and being favorably impressed, I procured a supply from Badcon's Pharmacy. This remedy soon corrected the kidney difficulty and removed my aches and pains. Doan's Kidney Pills have helped me so greatly that I consider them worthy of recommendation."

Mr. Eldredge gave the above testimonial in July, 1906, and on July 29, 1909, he added: "I can still recommend Doan's Kidney Pills highly. They did me more good than any other kidney medicine I ever took."

For sale by all dealers. Price 50 cents. Foster-McIlburn Co., Buffalo, New York, sole agents for the United States.

OVERCOME BY HEAT FALLS INTO LAGOON

Chicago, Aug. 23.—Peter Klanek, a Civil war veteran, fell into the lagoon at Humboldt park yesterday when he was overcome by heat, while standing on the bridge. Mr. Klanek is 70 years old and although the dash into the water partially restored him to consciousness, he was too feeble to swim. A policeman jumped in and held him above the water until a boat reached them. He was hurried to the county hospital, where it is said he would recover. Mr. Klanek has been an inmate of the old soldiers' home in Los Angeles. He came to Chicago two weeks ago to visit relatives.

McFARLAND DEAL WITH MCINTOSH IS CLOSED

Chicago, Aug. 23.—Packey McFarland, the lightweight, has accepted an offer from Hugh McIntosh, the Australian promoter, to fight four battles in the antipodes this fall. The deal was closed yesterday.

In Australia, Packey will meet Jim Douglas, Jack Noddon, Johnny Summers and Rudy Unholz. All these bouts will be twenty-round affairs and enough time will elapse between them to allow Packey to be in shape.

After the Australian engagement, McFarland will go to England, where McIntosh has promised him another match with Freddie Welch.

McFarland will sail from Vancouver, B. C., on September 9 with Billy Papke.

COLLECTOR LOEB LEARNS OF NEW FRAUD METHOD

New York, Aug. 23.—Collector William Loeb, Jr., has learned of a new method to defraud the government of customs duties. Information has been laid before him showing that in the last fifteen years fully fifty violins brought to this country by virtuosi as a tool of trade and admitted duty free, have since been sold for prices ranging from \$600 to \$1,000. The customs duty on violins is 45 per cent ad valorem, and the collector estimates that the loss to the government will approximate \$90,000. He has hopes through the catalogues of well known instruments, which are everywhere kept by dealers, of tracing most of the instruments recently imported.

ABE ATTELL GAINS AN EASY DECISION

Calgary, Alberta, Aug. 23.—In one of the slowest fights ever seen in this territory, Abe Attell, champion featherweight of the world, gained an easy decision here last night over Eddie Merino.

From the sound of the first gong it was apparent that Merino had no chance, and before the opening round was over he went down, and Attell repeated the performance twice in the second round and again in the third, when Merino's seconds threw up the sponge.
